Career Corner 10 New Age Career Options for Gen-Y

Till recently, the term 'career' was linked with a handful of blue collar jobs. If you weren't a doctor, engineer, and lawyer or you were a govt employee etc. it was considered you didn't have a career. Those daring to venture into uncharted territories were labelled as 'Black Sheep'.

But thanks to technology and internet penetration, what was once considered a decade ago or didn't even exist till recent memory is now the hottest career prospect. For the Gen-Y it is new choices, new gadgets, new learning and therefore new career options.

So here's presenting a mix of newest, popular and trending career options the world has to offer right now:

1. **Culinary Arts (Chef):** Culinary arts, in which culinary means 'related to cooking', is the art of preparation, cooking, and presentation of food, usually in the form of meals. Food and cooking is your passion, then this is the career for you. Some top culinary careers are: personal chef, restaurant manager, head chef/cook, party chef, executive chef etc.

2. **Ethical Hacking:** An ethical hacker is an information security expert who systematically attempts to penetrate the computer system, network, app etc. at the behest of its owners to find security vulnerabilities that a malicious hacker could potentially exploit. Many multinationals employ ethical hackers to protect the organizations sensitive confidential information.

3. **Drop-shipping:** Drop-shipping is immensely useful in retail business. A drop-shipper does not keep goods in stock but he transmits the customer orders and shipment details to either the manufacturer, another retailer, or a wholesaler, who then ships the goods directly to the customer. With E-commerce giants like Flipkart, Amazon changing the way we shop, drop-shippers are in high demand nowadays.

4. **Wedding Photography:** Through photographs, memories

an Astronaut or Doctor.

6. **Blogging:** What started out as a hobby for many is now a full-fledged career option. If you have a flair for writing then this might be the career for you. Start a blog on a subject of your choice and expertise. You can also add videos or short film to prove your point. It is a new way to provide information and entertainment for the viewers. Thus blogging is another career option where one can create relevant content and influence the Indian readers with their views.

7. **Standup Comedy:** Since childhood we all grew up on a healthy dose of comedy shows like MTV Roka, The Great Indian Laughter Challenge etc. If you too got a knack for cracking witty jokes and make people roll with laughter, then this is for you. Currently many podcasts and videos of comedians like Kunal Kamra, Sarathi Pant etc have gone viral on YouTube. Who knows the next might be yours. One can perform at any medium and earn a good sum of money for each show. Now this is a lucrative new age career option you can think about.

8. **Tra Travel Commentator:** What can be better than testing tra

Career Corner Non-Athletic Careers in Sports

Sports are typically an organized industry that caters to most athletes and their fans. Many sports careers don't require you to be an active athlete. The sports industry and lifestyle employ several professionals in non-athletic careers in sports. In fact, these professionals constitute a majority of the industry. Job roles in the sports industry can be within any domain of business, such as marketing, PR, journalism, health and nutrition, event management and commentary. Hence, without further ado, we discuss different types of non-athletic careers in sports in this article:

- **Physical Training Instructor/Physical Education Teacher:** Physical Training Instructor/Physical Education Teacher instructs students on foundations of physical education, physical training and various types of sports. They play an integral role in the overall development of an athlete.
- **Fitness Trainer:** Fitness Trainers are trained professionals who leads, instructs and motivates one-on-one with individual clients or groups to plan or improve their fitness as well as help with their nutrition intake.
- **Sports Management:**

Sports Management is a field of business that deals with the management, finance, marketing and administrative techniques in the field of sports and recreation. The sports management courses train students to understand the business dynamics and applications of the sports industry. As one moves up the ladder, numerous professionals are playing their part behind the scenes consisting of sports administrators, facility managers, information experts, and sports economists.

• **Sports Coach/Sports Coach:** An instructor who teaches fundamental skills and team strategies to athletes at the college, amateur, club or professional level. With the advent of multiple leagues encompassing different sports, it is one of the most in-demand professions in the sports world, apart from being an athlete.

• **Sports Psychologist:** Sports psychologists deal with performance related mental health issues and work extensively to build and improve the mental conditioning of the athletes.

• **Sports Medicine:** Sports Medicine is a branch of healthcare science that focuses on injuries, treatment, prevention of injuries and recovery of sports and activities.

Career Corner

Career Options with a Liberal Studies Degree

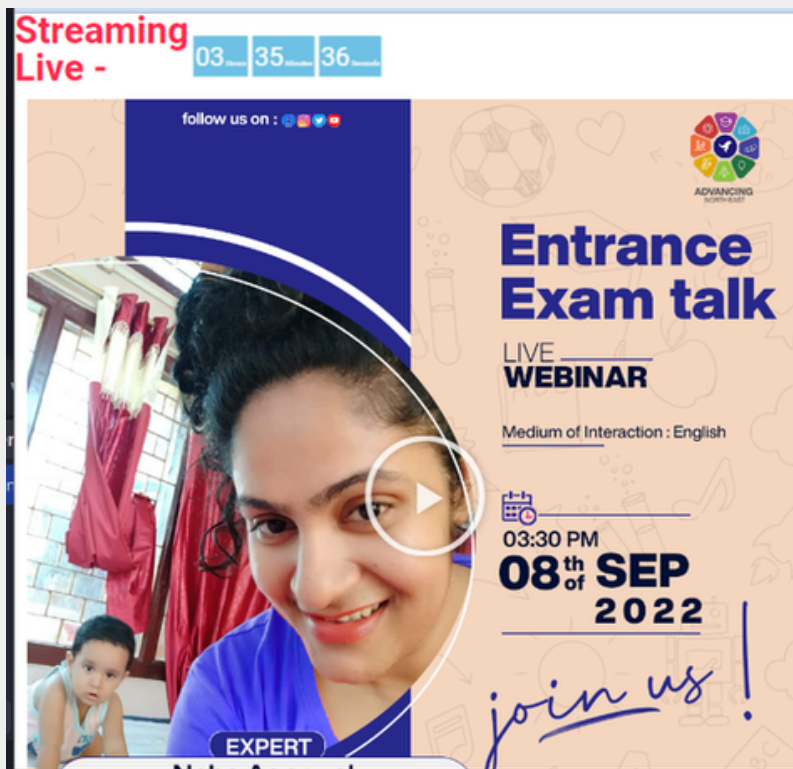

Liberal Studies major provides for students to organize a study program that is both personally interesting and professionally relevant. Such a combination sharpens the student's awareness in various fields and contemporary issues. In doing so, Liberal Studies increases the student's abilities to think and engage with the world. Liberal Studies is a field that is both personally interesting and professionally relevant. Such a combination sharpens the student's awareness in various fields and contemporary issues. In doing so, Liberal Studies increases the student's abilities to think and engage with the world.

Careers Not Requiring a College Degree

Let us discuss a few interesting career options that do not require a professional degree in any particular field. The below listed career options have proven to be viable and lucrative as well if the candidate possesses the right skills.

- **Event Manager:** Corporate firms and even individual families look for someone with appropriate skills to manage their event in a successful manner. Nowadays, weddings, parties and many events are celebrated in a grand manner and being an event manager will help individuals to keep on toes and people will have to execute and plan different ceremonies and events in this profession. On the basis of the contract, a creative mindset will help people to reach new heights in this profession.
- **Travel Consultant:** Travel consultants coordinate and arrange travel for individuals/groups. Depending on one's expertise and management skills, one can work for a travel agency or create their own agency. Travel consultants need to have good network, negotiation skills and they must be technologically sound.
- **Content Writer:** Content writing is a profession which requires adequate knowledge about the respective language and rules of grammar. Job opportunities are available in many organizations and freelance writing is also a viable option.
- **MC/MC or Master of Ceremonies:** A person who hosts professional events, parties, etc. To make a career as an MC, one needs to have excellent communication skills, be sharp, have a witty sense of humour and the ability to think creatively. Although there are few professional courses to become an emcee, aspirants can polish their skills and learn new tricks under apprenticeship of a professional MC.
- **Voice-over Artist:** A person gifted with a strong and deep voice can become a voice-over or a dubbing artist and make a good living out of it. There are lots of job opportunities for professionals in this sector. To make a career in this field, one should learn voice-modulation techniques, which are necessary to be a VO or a dubbing artist.
